

Lotería de Diabetes

DIABETES BINGO

An engaging, effective way to teach essential facts about diabetes

Use this familiar, simple game to give potentially life-saving information about diabetes to clients with limited reading ability and little or no knowledge about the disease.

VERSATILE

FIELD TESTED

**FULLY BILINGUAL
ENGLISH/SPANISH**

The CD includes

ALL MATERIALS NEEDED TO:

- Create the game pieces
- Lead the game sessions
- Conduct evaluations

Plus, a take-home flier for participants

Educational objectives

Lotería de Diabetes/Diabetes Bingo is designed for use by both novice and experienced educators.

The objective is to create awareness of:

- The different types of diabetes
- Possible symptoms
- Diabetes' effects on the body
- Disease prevention strategies
- Disease management techniques
- How family members can support the person with diabetes

One handy CD contains PDF files for printing these full-color materials:

- Full instructions on preparing and playing the game
- Thirty different Playing Boards for participants
- Twenty-eight different Leader Cards for the presenter to use
- A flier for participants to take home, as a reference
- An evaluation form for participants to complete and return to you
