## 2011 Proposed NPDES CAFO Reporting Rule December 9, 2011

2:30 pm (eastern), 1:30 pm (central), 12:30 pm (mountain), 11:30 am (pacific)

This session will provide an overview of and answer questions about the proposed rule requirements for Concentrated Animal Feeding Operations (CAFOs) with a National Pollutant Discharge Elimination System (NPDES) permit. The proposed rule public comment period ends 12/20/2011. *An application for continuing education credit for Certified Crop Advisors (CCAs) and members of the American Registry of Professional Animal Scientists (ARPAS) has been submitted.*

**Becky Mitschele** is a physical scientist with the U.S. EPA, Office of Wastewater Management. She earned a M.S. in Natural Resources and Environmental Management from the University of Hawaii. Prior to joining the EPA in 2009, she worked on various agricultural projects in the Pacific Rim, including researching coldwater agriculture, examining nutrient dynamics under specific best management practices, and planning water use crops needs for diversified agricultural systems. At the EPA, her primary responsibility is the implementation of the NPDES permitting program for CAFOs.
