

# Cellulosic Biofuels Web Seminar Series 2010

May 28th 11:00 AM - 12:00 PM Central Time

**Who Should Attend:** Extension Agents and Educators, Biofuel Industry  
Stakeholders and Farm Producers interested in harvesting biomass

## Seminar Series:

1. State of the Industry: Corn and Cellulosic Ethanol, March 26, 2010.
2. Economics of Ethanol and the New Cellulosic Industry, April 30, 2010.
3. **Cellulosic Biofuel Logistics**, Friday May 28, 2010. 11:00 am Central
4. Agronomic Impacts of Cellulosic Material Harvest – perspectives from the eastern and western corn belt TBA
5. Contracts for Cellulosic Biomass TBA.
6. Rural Community Infrastructure TBA.

## Seminar #3: Cellulosic Biofuel Logistics

**Presenter:** Dr. John Cundiff, Virginia Tech University

**Dr. John Cundiff is a Professor and Bioprocess Engineering Specialist in the Department of Biological Systems Engineering at Virginia Polytechnic Institute and State College. Areas of professional interest include alternative energy, alternative crops and systems simulation. Dr. Cundiff will discuss the logistics issues associated with biomass production and delivery.**

## How To Connect:

Start connecting 5 minutes prior to the start time. You need a computer with Internet access and speakers. At the meeting time, copy and paste this URL into your browser to enter the meeting:

**<http://connect.extension.iastate.edu/agenergy/>**

At that URL you will find a login page. "Enter as a Guest" with your name, and business or institution and click "Enter Room." **The audio portion of the meeting will be come through your computer speakers.**

Anytime before the meeting you can visit the following URL to confirm your ability to connect:

**<http://www.extension.iastate.edu/testconnect/>**
